I just submitted comments for FCC 13-39, but it appears that the number 13-39 is currently being posted under the wrong subject Rural Call Review. Please fix this.

<http://www.fcc.gov/document/fcc-review-rf-exposure-policies> clearly states that 13-39 pertains to FCC Review of RF Exposure Policies however the FCC on-line public comment submission form says that the subject for 13-39 is Rural Call Review. I am concerned that my public comments will not be entered into the public record properly. Please confirm in writing that my public comments regarding FCC Review of RF Exposure Policies have been entered properly. In addition, please make sure that the following submitters' comments are also entered for the FCC Review of RF Exposure Policies: Don M & G. Kay Powers, David Adams, Cindy Sage, Bill Galvano, Cindy Sage and David O. Carpenter. The comments prior to August 27, 2013 appear to be related to Rural Call Completion. And where are all of the comments prior to August 27, 2013 for 13-39 FCC Review of RF Exposure Policies? Please fix this so the public can comment on this matter until November 1, 2013 on comments received by September 3, 2013.
